Our mission is to empower individuals and communities in need to achieve sustainability through education, leadership and partnership.

Program Development

Raven Education Centre

Raven Education Centre is an early childhood development school fully sponsored by People for Progress Foundation and located in Dandora, Kenya. We provide education, nutrition, hygiene and security to 65 children.

Now half way through our 5th year of operations, Raven Education Centre is nearing the completion of our development stage and we are now beginning a transition toward a sustainability model. Some of the recent upgrades to our facility include installation of a water tank to ensure a steady supply of water for hygiene, drinking and cooking, installation of electricity in all classrooms, newly painted classrooms, repairs and additions to furniture, and additions to office and kitchen supplies.

Some of the additional resources provided include toothbrushes donated by the Tooth Fairy Children's Foundation. Computer's donated by the Electronics Recycling Association, and teaching aids and school supplies contributed by teachers in Southern Alberta.

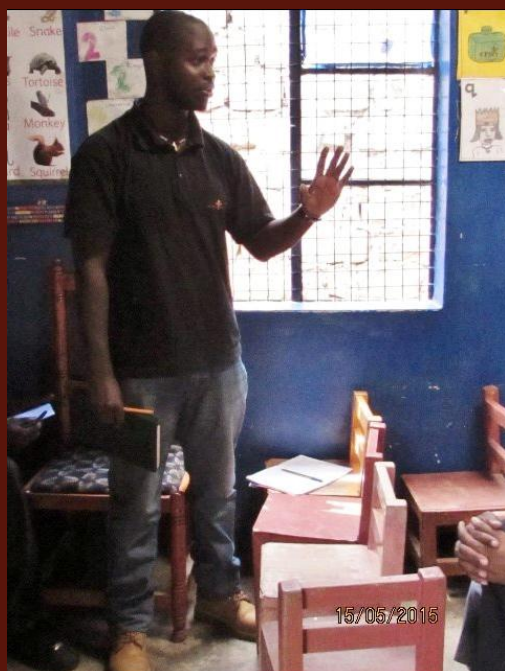

Student Sponsorship/ Outreach

In Machame Tanzania, People for Progress Foundation sponsors students to attend Post secondary education. Students are chosen by an interview process conducted during home visits. Humanitarian items distributed during home visits empower us to develop trusting relationships with families in the community.

Steps toward Sustainability

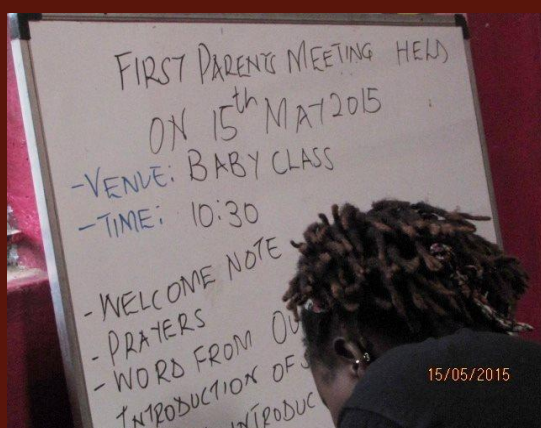

Raven Education Centre staff and the People for Progress Foundation of Kenya leadership team are taking further steps towards achieving sustainability. The Centre hosted a parent teacher meeting to discuss matters relating to education and other topics regarding to the Dandora community. This initiative is only the beginning for what the future holds as we continue to pursue our vision of Empowerment through Education.

Roystone Mwiti, Regional Director

Parents and students gather together for a parent teacher meeting

At the parent teacher meeting, discussion focused on how to involve the community in program development. As we are moving towards a sustainability model, we discussed ways that the community can work together with the Kenya Board of Directors to determine the program development priorities, volunteer opportunities and fund development opportunities. Other discussion topics revolved around school rules and regulations to ensure the welfare of the children.

This is the beginning of a powerful new chapter for the Dandora community, Raven Education Centre and People for Progress Foundation.

PFPF Kenya

We are grateful to our incredible leadership team. Our PFPF Kenya board consists of 3 officials and 2 directors: Dennis Mauka, Roystone Mwiti, Mary-Ann Stushnoff, Collins Jabilo, and Dennis Koome. A special welcome to Monicah who is a member at large and our school administrator.

Calgary Board Development

PPPF Calgary Board Members and Government of Alberta Board Development Program Staff

People for Progress Foundation Board Members and Committee leads participated in a board development workshop facilitated by the Government of Alberta Board Development Program. This two day workshop focused on building governance policies and developing an action plan for the future. We look forward to following up on the many action items produced from a wide variety of brainstorming and team building activities. Special thanks goes out to the Board Development Program and their facilitators for offering this valuable opportunity.

We are always recruiting new members to the board. For more information on how to become a member of our diverse and dynamic board of directors of People for Progress Foundation, please contact us at admin@peopleforprogress.net

Volunteer Recognition

Angela Chen, one of our PPF volunteers, was awarded the Violet Richardson Award by Soroptimist International Calgary for her contributions to PPF and to other charities.

"I'm incredibly blessed to have had the opportunity to serve as I have. As a graduating high school student this year, I know how important education has been in my life. I hope to only grant the same opportunities to students around the world"- Angela Chen

Mary-Ann Stushnoff, Angela Chen, and Katherine Reiffenstein
